

# NATIONAL COLLEGE OF FIRE & SAFETY ENGINEERING

An Autonomous College Recognized by (Government of Maharashtra)

## Advance Diploma in Industrial Safety Engineering

Industrial safety in the context of occupational safety and health refers to the management of all operations and events within an industry, for protecting its employees and assets by minimizing hazards, risks, accidents and near misses. The relevant laws, compliance and best practices in the industry have most of the issues addressed for the best protection possible. Employers are to make sure that these are strictly adhered to have maximum safety.

### Distance Learning:

Distance learning is a way of learning remotely without being in regular face-to-face contact with a teacher in the classroom. Every year we conduct our examinations of given courses in the month of June and December. You can join

NCFSE for correspondence courses throughout the year to enhance your knowledge. The courses that we offer are highly compatible with International standards.

### Admission Procedure:

Send Demand Draft in favor of **NATIONAL COLLEGE OF FIRE & SAFETY ENGINEERING** payable at Nagpur of amount Rs 16500 course fee. As soon as we received your Demand Draft and application form we will send you study material at your given address.
